

RECEIVED

POSTAL REGULATORY
COMMISSION
OFFICE OF THE SECRETARY

DANA is not seeking access to, and does not wish to receive, any of the other items in the record as filed with the Commission. Some of these items, particularly the comment letters, petitions and e-mail correspondence between DANA members and employees of the United States Postal Service (Postal Service), are documents that various DANA members already have in a form that includes the information identified by the Postal Service as non-public material. We have this information because we generated the documents in the first place and sent them to the Postal

Service, or sent and received them as part of e-mail communications. I do not want to be responsible for maintaining confidentiality of documents that are already disseminated widely and with a distribution that I do not completely know. In addition, some of the items DANA is not seeking are available in complete or almost complete form in the public version of the record that is posted on the Commission's web site and DANA does not need to obtain access to them as filed with the Commission.

Review of Items 2, 3, 9, 15, 19 and 43 of the unredacted complete administrative record concerning closure of Delaware Station is necessary for use in preparing the supplemental submission that is due January 20, 2011 under the schedule in the Commission's December 22, 2010 Order No. 620, particularly regarding the Postal Service's argument that discontinuance of Delaware Station does not qualify as a closure as envisioned by 39 USC 404(d), DANA's argument that the Postal Service failed to consider effects of the closure on the community and DANA's argument that the Postal Service's evaluation of economic savings associated with the closure was incomplete.

My affiliation with DANA is as treasurer and as a member of DANA's board of directors. I am also the DANA officer who is submitting DANA's documents in Docket No. A2011-1. DANA has no affiliation with the delivery services, communications or mailing industries.

Attached is an executed copy of a certification and statement of compliance with protective conditions, taken from those provided in Appendix A of Part 3007 of Title 39 of the Code of Federal Regulations. I agree to abide by those protective

conditions.

This motion is being made under 39 CFR Part 3007, particularly section 3007.40.

On Monday, January 10, 2011, I spoke by telephone with James Mecone, Esq. and Kenneth Hollies, Esq., attorneys for the Postal Service, and notified them that I intended to make this motion and to request the items identified in this motion.

Because I am located in Albany, New York, and could not conveniently pick up documents from the Commission's office in Washington, D.C., I am requesting that the Commission mail the requested items to me.

Respectfully submitted,

Susan J. DuBois
DANA Treasurer

Delaware Area Neighborhood Association
Post Office Box 9085
Albany, New York 12209

STATEMENT OF COMPLIANCE WITH PROTECTIVE CONDITIONS

The Postal Service has filed non-public materials identified as Items 2, 3, 9, 15, 19 and 43 of the complete unredacted administrative record concerning closure of the Delaware Station post office, in Commission Docket No. A2011-1. The Postal Service requests confidential treatment of the materials (hereinafter "these materials").

The following protective conditions limit access to these materials identified as Items 2, 3, 9, 15, 19 and 43 of the complete unredacted administrative record concerning closure of the Delaware Station post office. Each person seeking to obtain access to these materials must agree to comply with these conditions, complete the attached certifications, and provide the completed certifications to the Commission and counsel for the Postal Service.

1. Access to these materials is limited to a person as defined in rule 5(f), 39 CFR 2001.5(f), or an individual employed by such person, or acting as agent, consultant, contractor, affiliated person, or other representative of such person for purposes related to the matter identified as Docket No. A2011-1. However, no person involved in competitive decision-making for any entity that might gain competitive advantage from use of this information shall be granted access to these materials. "Involved in competitive decision-making" includes consulting on marketing or advertising strategies, pricing, product research and development, product design, or the competitive structuring and composition of bids, offers or proposals. It does not include rendering legal advice or performing other services that are not directly in furtherance of activities in competition with a person or entity having a proprietary interest in the protected material.

2. No person granted access to these materials is permitted to disseminate them in whole or in part to any person not authorized to obtain access under these conditions.

3. Immediately after access has terminated under 39 CFR 3007.41 or 3007.51, a person (and any individual working on behalf of that person) who has obtained a copy of these materials shall certify to the Commission:

- (a) That the copy was maintained in accordance with these conditions (or others established by the Commission); and
- (b) That the copy (and any duplicates) either have been destroyed or returned to the Commission.

4. The duties of each person obtaining access to these materials shall apply to material disclosed or duplicated in writing, orally, electronically, or

otherwise, by any means, format, or medium. These duties shall apply to the disclosure of excerpts from or parts of the document, as well as to the entire document.

5. All persons who obtain access to these materials are required to protect the document by using the same degree of care, but no less than a reasonable degree of care, to prevent the unauthorized disclosure of the document as those persons, in the ordinary course of business, would be expected to use to protect their own proprietary material or trade secrets and other internal, confidential, commercially sensitive, and privileged information.

6. These conditions shall apply to any revised, amended or supplemental versions of these materials provided in the matter identified as Docket No. A2011-1.

7. The duty of nondisclosure of each person obtaining access to these materials is continuing, terminable only by specific order of the Commission, or as specified in paragraphs 9 and 10, below.

8. Each person granted access to these materials consents to these or such other conditions as the Commission may approve.

9. Any written materials that quote or contain materials protected under these protective conditions are also covered by the same protective conditions and certification requirements, and shall be filed with the Commission only under seal. Documents submitted to the Commission as confidential shall remain sealed while in the Secretary's office or such other place as the Commission may designate so long as they retain their status as stamped confidential documents.

10. If a court or other administrative agency subpoenas or orders production of confidential information which a person has obtained under the terms of this protective order, the target of the subpoena or order shall promptly (within 2 business days) notify the Postal Service of the pendency of the subpoena or order to allow it time to object to that production or seek a protective order.

CERTIFICATION

The undersigned represents that:

Access to Items 2, 3, 9, 15, 19 and 43 of the complete unredacted administrative record concerning closure of the Delaware Station post office, provided in the matter identified as Docket No. A2011-1 by the Postal Service, has been authorized by the Commission. The cover or label of the copy obtained is marked with my name. I agree to use the information only for purposes of analyzing matters at issue in the matter identified as Docket No. A2011-1. I certify that I have read and understand the above protective conditions and am eligible to receive access to materials under paragraph 1 of the protective conditions. I further agree to comply with all protective conditions and will maintain these materials in strict confidence in accordance with all of the protective conditions set out above.
